ParentVUE: Reporting Absences

NOTES FROM ATTENDANCE

We want to partner with you to ensure that your child attends school regularly

and receives the full benefit of their education.

Student attendance is taken every period of the school day. To excuse your

student, please submit it through ParentVUE or call our attendance line at 970-

419-3401. It is really important that you give a reason for the absences. Please

refer to our TMHS Handbook under attendance for what constitutes an excused

absence and the details pertaining to our attendance policies. You have 5 school days to excuse your student.

Clarification of procedures for Middle School and High School students:

Middle School - parents can excuse their student for pickup by calling the attendance line, submitting through ParentVUE, or by coming into the building. If a parent submits the request early in the school day, we can get a pass delivered to the student for them to show their teacher when the appropriate time to leave is. Please be aware that we need to verify who is allowed to pick up your student, and middle school students must be checked out by a parent/guardian. They may not leave campus until they are checked out by the main office.

High School - Our high school students have an open campus and thus do not need to have a parent/guardian come into the

building to check them out. If you have made arrangements with your student to leave for an appointment, illness, or activity,

please have them communicate with their teacher. It is school policy that

students are not allowed to excuse themselves, so we ask that parents/guardians call our attendance line to excuse them for the classes they are missing with the reason

Sign up for home delivery and Morning Fresh Dairy will give your school \$25. Already a customer? Tell your friends and neighbors! For every new home delivery customer who refers your school, Morning Fresh Dairy will donate \$25. The funds don't stop there! Save the caps from our glass bottles and turn them in to your school. Morning Fresh will then give your school \$0.05 for every MFD glass milk bottle cap redeemed.

How do you help your school earn money?

1. Sign up for home delivery on our website or call us at 970-482-5789
2. Drink your milk
3. Save your bottle caps
4. Collect caps from family and friends
5. Bring the caps to school and drop them in the collection box

Attendance:

Due to the growing number of students and increased phone calls, we have implemented a phone "tree" system to better serve our TMHS community.

When you call our main line, 419-3400, you will be prompted to the following:

The Attendance line is for reporting an absence: illness, appointments or early dismissals. This can also be done in ParentVue.

We would prefer you to call the attendance line in the morning to request an early dismissal for your student. Early release passes are distributed during the first period of the day. If your student needs to be checked out last-minute (no later than 3:45), please press 7, which is the Main Office line.

For last-minute dismissals throughout the day, please be sure to check your students' schedule as it is difficult to find students when they are on their lunch break

HEALTH OFFICE UPDATES:

It is that time of the year already! We have seen several sick students and staff in the Health Office. To prevent widespread illnesses in the school, we recommend that your child stay home from school if experiencing flu or cold symptoms. To decide whether or not to send your child to school, please consider the following guidelines:

Consider keeping your child at home for an extra day of rest and observation if he or she has any of the following symptoms:

- Very stuffy or runny nose and/or cough
- Mild sore throat (no fever, no known exposure to strep)
- Headache
- Stomach ache

Definitely keep your child at home for treatment and observation if he or she has any of these symptoms:

- Fever (greater than 100 degrees and your child may return to school only after his or her temperature has been consistently below 100 degrees, for a minimum of 24 hours)
- Vomiting (even once)
- Diarrhea
- Chills
- General malaise or feelings of fatigue, discomfort, weakness or muscle aches
- Frequent congested (wet) or croupy cough

To help prevent the flu and other colds, teach your children good hygiene habits:

- Wash hands frequently
- Do not touch eyes, nose or mouth
- Cover mouth and nose when sneezing or coughing, use a paper tissue, throw it away and then wash hands
- Avoid close contact with people who are sick.

Colds are the most contagious during the first 48 hours. A child who has a fever should remain at home until "fever free" for a minimum of 24 hours. Often when a child awakens with vague complaints (the way colds and flu begin) it is wise to observe your child at home for an hour or two before deciding whether or not to bring to school. Your child should be physically able to participate in all school activities on return to school. Keeping a sick child at home will minimize the spread of infections and viruses in the classroom.

Please also take the time to click on the link below for illness guides for parents from the Colorado Department of Public Health & Environment (CDPHE). [How Sick is too Sick](#)

Thank you in advance for helping make this year at school as healthy as possible. Go Cubs!

The THS National Honor Society is excited to announce one of our biggest service events of the year: Cans Around the Oval benefitting Rams Against Hunger and the Food Bank of Larimer County! We're asking everyone to bring non-perishable food items, diapers and baby wipes to their Cub Connect class through October 14th. Monetary donations are also highly encouraged; donate here give.gofundme.com/givetmhs and put the Cub Connect teacher in the notes. All Cub Connect classes will be competing in the name of ending food insecurity here in Northern Colorado for prizes, weekly drawings for gift cards, the chance to sabotage other classes, and grand prize class parties. Thank you families for your support of this very important cause!

FALL PSAT/NMSQT INFORMATION

The PSAT/NMSQT provides students with valuable practice for the SAT while also measuring college and career readiness. Students in grade 11 are eligible to qualify for the National Merit Scholarship Program based on their results. While grade 10 students may also take the test for practice, they are not eligible for the scholarship program. Please note: This exam is in addition to the SAT and PSAT 10 given in the spring—not a replacement. This is not a required exam. Please [click here](#) for additional details about the exam, payment and registration information.

AP TESTING INFORMATION FOR FALL COURSES

Students currently enrolled in a fall AP course will have the opportunity to take the corresponding AP Exam in the spring. The cost of each exam is \$100, and students may choose which exams they would like to take. We encourage families to review the important fall AP deadlines together, as these ensure students are registered properly and on time. Our staff will also be visiting AP classes to provide reminders and support so that all students are aware of requirements. Please note: If a student is enrolled in an AP course that begins in spring 2027, they will receive exam registration details and deadlines at that time. She Kills Monsters Tickets on Sale September 16!

She Kills Monsters is a play by Vietnamese-American playwright Qui Nguyen about a young woman, Agnes Evans, who discovers her deceased teenage sister, Tilly, was a Dungeons & Dragons enthusiast. To connect with her sister, Agnes plays Tilly's D&D module, navigating a fantasy world filled with ogres, fairies, and 90s pop culture, while uncovering secrets about Tilly's life, love, and identity. The play is known for its blend of fantasy, comedy, and heartfelt themes of grief, friendship, and acceptance, featuring extensive stage combat and geek culture references.

*****CONTENT ADVISORY:** This production is rated PG-13 as it explores high school and adult content such as: death, violence, suicide, strong language, grief, acceptance, identity exploration, and friendships/relationships.

2027 LORENZO DE ZAVALA YOUTH LEGISLATIVE SESSION

**EIGHT DAYS. 150 DELEGATES. ONE QUEST.
THE BEST IDEAS RISE TO THE TOP.**

Eight days on a university campus. 150 students. One organization to run, and nobody is going to lecture you about it.

Instead of a class, we built a quest. Not a civics lesson, not a government simulation. The quest is to work with people, each with ideas of their own, and spend eight days deciding which ones the group gets behind.

Here's how you play. You write a proposal and file it. You find people who agree with you and start a party. You campaign, run for office, and join a committee to hear out everyone's ideas. Then the room votes on the best ones.

Your idea moves because you convinced people, or it stalls because you didn't. Both happen, and both teach you something a class never will.

One rule holds it together: Your proposal has to start from something your community already has, not something it's missing, and leave it stronger than you found it. That's Community Equity Building, and every resolution has to meet it.

What's the idea you'd put in front of 150 people, and who's better off once it passes?

Here's what nobody tells you. NHI alumni are surgeons, actors, artists, scientists, and yes, legislators too. All of them ended up in rooms where people wanted different things, and someone had to make a decision. The LDZ is the best practice you'll ever have.

WHO IS IN THE ROOM WITH YOU

- LDZ is an experience for **current 10th and 11th-graders**
- In 2026, 4 nations and 34 U.S. states were represented
- 90% of LDZers are in the top 25% of their class
- 90% of NHIers are admitted to selective colleges
- LDZers have a minimum GPA of 3.2 (88%), are college-bound, and aspire to future civic and community leadership roles

CATAPULT YOUR POTENTIAL AT YOUR LDZ

- Boost your confidence in public speaking
- Increase your willingness to invest in preparation
- Advance your ability to think and plan strategically
- Deepen your understanding of policymaking and civic leadership

BUILD YOUR SOCIAL & CULTURAL CAPITAL

- Join an intergenerational network of 100,000 NHI alumni
- Broaden social networks with upwardly mobile, college-bound peers
- Build your community's strengths and assets
- Strengthen cultural confidence and connection
- Expand friendships throughout the U.S., the Caribbean, and parts of Latin America
- Connect with admissions representative from NHI's College Register

"No young person who attends this experience ever returns home the same. The impact lingers for years and is often used as an important point of personal reference as NHI youth attend college, enter new career ventures, and become part of community life where they reside."

- Ernesto Nieto, NHI Founder

NATIONAL HISPANIC INSTITUTE

The **National Hispanic Institute (NHI)** is a 501(c) 3 nonprofit organization based in Maxwell, Texas, founded by Ernesto Nieto. Nieto started a movement in 1979 to expand the pool of leaders in Latino communities. NHI concentrates its efforts on engaging high achieving youth to view leadership as building on community strengths rather than focusing on problem-solving. The organization has served 100,000 youth, has established alumni chapters that power its programs, and has a legacy of community leadership.

IF IT'S MEANT TO BE, IT'S UP TO ME.

For more than forty-seven years, NHI has worked with Latino high school students who see themselves as game changers, impact players, and social influencers who want to grow, imagine, and connect.

As an LDZ "delegate," you won't just learn about leadership; you'll live it. Team up with other students to create projects and proposals that improve the quality of life in our community. Then – run the show! You and your LDZ classmates will lead the entire process, including electing your own government.

"The LDZ helped me overcome self-doubt and realize I can be a leader, be myself, and build lifelong friendships; it was the most empowering experience of my life."
– Ana Laura M., former Texas LDZ Lt. Governor

Our Timnath High School Esports program is growing, and we're excited to continue providing students with a competitive, team-driven environment where they can build skills in communication, strategy, and leadership. If you're interested in supporting our team, donations are greatly appreciated! Contributions help us cover equipment upgrades, game licenses, team apparel, and technology that keeps our players practicing and competing at a high level.
