ATTENDANCE

Due to the growing number of students and increased phone calls, we have implemented a phone "tree" system

When you call our main line, 419-3400, you will be prompted to the following:

* The Attendance line is for reporting an absence: illness, appointments or early dismissals. This can also be done in **ParentVue**.

We would prefer you to call the attendance line in the morning to request an early dismissal for your student. Early release passes are distributed during the first period of the day. If your student needs to be checked out last-minute (no later than 3:45), please press 7, which is the Main Office line.

For last-minute dismissals throughout the day, please be sure to check your students' schedule as it is difficult to find students when they are on their lunch break.

TIMNATH HIGH SCHOOL ESPORTS

Our Timnath High School Esports program is growing, and we’re excited to continue providing students with a competitive, team-driven environment where they can build skills in communication, strategy, and leadership. If you’re interested in supporting our team, donations are greatly appreciated! Contributions help us cover equipment upgrades, game licenses, team apparel, and technology that keeps our players practicing and competing at a high level. Scan the QR Code to donate (*Select HS E-Sports in the additional information requested drop down*):

Thank you for helping us strengthen opportunities for our esports athletes and ensuring the program continues to thrive!

Curious about our team? Check out our website ([click here](#))! You can also find our THS Esports page on our school website, under Activities.

SCIENCE OLYMPIAD

Science Olympiad is back, and we’re growing! This year we’re opening a **middle school team** in addition to our high school team, and I could not be more excited. If you’re even a little bit curious about building things, solving weird problems, or just trying something new with a great group of people, you should absolutely give it a shot.

Colleges and universities flag Science Olympiad as one of the top programs they look for in applicants because it shows teamwork, curiosity, and the ability to solve problems under pressure. Over the years, I’ve had students go on to become **Boettcher Scholars**—and even a **Rhodes Scholar**—after their time on my teams. It really opens doors.

Practice times, starting January 6th:

- **High School:** Tuesdays, 4:05–8:00 pm
- **Middle School:** Thursdays, 4:05–6:00 pm

Competition:

- **Saturday, February 28th** 7:30am-4:00pm

Come join us! You don’t need any experience—just a good attitude and a willingness to learn. Let’s build something great together this year.

Sponsorship space in this newsletter is extremely affordable!
